Marchesini Group at “Pack Expo” Las Vegas Machine Model BL400 XL will be the forerunner for “Track & Trace” solutions

Marchesini Group will be exhibiting at **PACK EXPO Las Vegas from October 5th to the 7th in BOOTH NO. S-5484.**

Featured at the exhibition will be the **NEW BL400 XL**, a complete solution for the printing, verification, and tracking of cartons.

This proven modular technology has been installed on packaging lines at numerous multinational pharmaceutical companies.

A main feature is its balcony design making fully accessible, a characteristic crucial for component reconciliation. Carton control is a positive step system ensuring “Fail Safe” operation and guaranteeing “Grade C” printing quality, required by European and American standards.

The BL400 XL machine works at a speed of **400 cartons per minute.**

In addition to the BL400 XL, we will be exhibiting the Millennium 120 Tube Filling and Sealing Machine and the FTC 12 Tablet Counter.
